## BEST ADVANTAGE ON 3PL BUSINESS

Supported by our team of logistics subject matter experts, we strive in providing best-in class 3PL and logistics services for our customers, to support their business and assist them in gaining competitive advantages by streamlining their logistics requirements. Our team of project logistics experts has handled shipments of any dimension and complexity requiring specialized lifting equipment and certified rigger team. In the region, the Team has experience dealing directly with many tons of project logistics delivery using special equipment and charter services.

## LOGISTIC CONTRACTS – ADAPTABLE TO YOUR NEEDS

Our Contract Logistics includes fully integrated services related to Warehousing, Distribution, Remote Shipping and Order fulfillment. The team is able to design and deliver scalable solutions tailored to your individual business needs.

DIFOT (delivery in full on-time) will ensure your business needs are met, service commitments are met and most importantly satisfied customers. Our main strength is our ability to offer best-in-class flexible and hassle-free logistics solutions to ensure your consignment moves seamlessly from one point to another and to keep your supply chain running smoothly and effectively. We do this through our various logistics alliances and facilities across the region.

## 1. WAREHOUSING

### HANDLING IN

Receiving the incoming shipment to staging area carefully with proper and relevant equipment
